

We're bringing the STEAM in Scouting to University of Chicago!

Hosted one Saturday a month from 9:00am to 1pm, open to all interested 6th-8th graders, this innovative program will be led by graduate students and researchers from the Physics and Computer Science program at the University of Chicago.

We will be covering the following subjects this year:

- Intro to Physics through Fabric (October 19th, 2019)
- Communication, Coding, and Mini Sphero (November 16th, 2019)
- Drones (January 18th, 2020)
- Cyber Security (February 15th, 2020)
- Mobile Development (March 21st, 2020)

The cost is \$50 per student for the program.

Please contact **Kristen Vogt**, the Director of STEAM and Innovation, at kristen.vogt@scouting.org or at 312-421-8800 ex 232 if you have any questions!

*Location at the Kersten Physics Teaching Center
University of Chicago
5720 S Ellis Ave, Chicago, IL 60637*
