Pathway To Adventure Council - Advancement News

In the spirit of standardizing and simplifying the advancement processes within the Pathway to Adventure Council, the council advancement committee has developed and approved a new Eagle application submission process. This process will take effect January 1st, 2016. There will be a specific document transmittal envelop for Eagle documentation submission. These will be available at each service center by the end of December.

The entire process can be found on the PTAC website, please take a minute to review. In summary, the following is key:

Each service center will accept Eagle applications and supporting documents and forward to Paul Whittenhall in Arlington Heights, for verification.

ONLY the following documentation must be turned in. the receiving Service center will check for the following:

- Completed Eagle Application with all checklist items verified
(checklist found on transmittal envelop)

- Service project workbook with before and after photos

- Statement of life ambitions & positions held in community organizations (per application requirement #7)

DO NOT SEND RECOMMENDATION LETTERS WITH THE APPLICATION.

Application and supporting documents should be secured in the Service Center supplied Eagle Transmittal Envelope. Scout should review checklist on envelop prior to submission.

Do not send project binder, this should remain with the unit.

Make sure to make copies of all documentation sent prior to sending.

Tom Kresnicka
Chair, PTAC Advancement Committee
