

Calling all Cub Scout Leaders

BALOO !!!

Saturday November 11, 2017

Estelle Sieb Center

7750 W. Irving Park Rd. Norridge IL

8:00 AM - 3:30 PM Registration at 7:45 AM

We have taken all the great information in the BALOO Outdoor Training and will present it with a ton of excitement, enthusiasm, FUN.

We know the packs will be planning campouts during the spring. Come and find out, just how easy it can be to plan and carry out a GREAT Pack Campout. We cover what you need to know from where to go, what to do, how to do it, and what to cook. You know how to do it the hard way, come out and find out how to make things a lot EASIER and more FUN.

It is important for all of the leaders that will be doing outdoor activities with the Pack to participate in this training. Tour permits require at least one leader to have BALOO training.

The morning will be devoted to sessions on where to go and how to start your planning. We will also work on skills you will need on your campout. The lunch program will be a whirlwind of tips and tricks as we guide you through hands on preparation of Breakfast, Lunch and Dinner that will keep your families well fed and energized. We will help you to understand the nuts and bolts of the Outdoor Program and finish the day with a round robin of outdoor skills, camp setups & gadgets, and time for questions. Have we given you the bug to get out under that canvas yet? We had a great time at training each time we present it. Tell others in your pack to come out and join us this year!

Fall camping is great, cool temperatures & less bugs, be sure to be READY!

Fee for the day is \$20.00 and includes your registration, lunch and all materials.

On Site registration \$25.00 (we cannot guarantee material availability at time of course)
