

The Barrington Area Conservation Trust, BACT, offers community service through its conservation, restoration and preservation projects. The BACT is looking for volunteers to assist on projects the first and third Sunday of each month from 10:00am – noon.

During these BACT workdays volunteers assist with conservation and restoration projects. Typically, the activities on a property in Barrington include removal of brush, cutting down buckthorn and concluding with a bonfire.

*Join BACT's restoration workdays
1st and 3rd Sunday of every month
10am - 12pm*

December Project site will be at the Far Field Nature Preserve

Check bactrust.org for work site locations
