

Chartered Organization Representative Training is Now Available Online

Chartered Organization Representatives can now complete their training online at my.scouting.org. There are four classes, which total 48 minutes, to complete the online course. It is not necessary to complete the course in one sitting; you can start and stop as you please.

To get to this course,

- Log onto my.scouting.org.
- Enter your username and password.
If you forgot your username or password, ask to have your username or password sent to you, **do not create a new account** because your scout id number can only be on one account.
If you do not know your scout id number you can contact your unit committee chairman.
- Once you are the system select Menu.
- Select My Dash Board.
- At the top tool bar select Training Center.
- Select any of the first four scouting programs.
- Then scroll down to Chartered Organization Representative Training.
This will allow you to select and take the 4 individual classes.

Please be sure to print and save a copy of your completed training certificate for your records as proof the training has been completed.

Your training status will automatically update in the system.

As with any online course, you also have the option of taking a live classroom COR Training. Consult the [PTAC calendar](#) for dates and locations for these live courses.
