WHAT IS CUB SCOUTING?

Cub Scouting lets kids ages 5-10 have fun while teaching them skills that will help them now and throughout their lives.

From the thrill of transforming a block of wood into a race car or launching a rocket, to the satisfaction of improving your community or making a new friend, Cub Scouting is full of meaningful adventures you and your Scout can enjoy together.

Scouts will go fishing, hiking, and earn badges all before the end of the year!

HOW DO I JOIN?

Head to BEASCOUT.ORG to find a local Cub Scout unit, called a pack, that meets your individual needs. Consider where and when the pack meets and if you'd like to join one with all boys, all girls, or both boys and girls. All Cub Scout packs have smaller grade-specific, single-gender groups that get together a few times each month in addition to the monthly pack meeting.

Once you've found the right fit for your family, you can join online or attend a local sign-up night for more information.
