**\*Note: Because some classes are 1.5 hours, the Period 2.5 and Period 5.5 time slots will sometimes show as "full" if you schedule a class that runs into that time (a merit badge that is scheduled from 10-11 will still appear in the 10:30-12 spot because it interferes with classes that could be chosen there).**

**In the example to the left, Archery starts at 10:30...so the 10-11 spot appears open (because it does not start at 10) but you would not be able to choose a badge there. ATVs run from 2-3:30...so the 3-4 spot shows as full because the previous class interferes with it.**
