

2021 WILDERNESS FIRST AID

Emergency Care in Remote Locations, this course provides information on how to handle common injuries and illnesses when medical care is an hour away or more. This class will teach you what to look for and what to do in the event of an emergency, and direct you to the most appropriate type of care.

THIS CLASS INCLUDES

- Expanded information on heat and cold emergencies
- Updated guidelines for managing snake bite emergencies
- New information on managing diabetic emergencies
- Skill sheets providing step-by-step visual reviews of procedures
- Flow charts reinforcing the decision-making process and appropriate procedures
- Decision tables provide a concise summary of what signs first aiders should look for and what treatment steps they should take

Attendees must attend both Saturday and Sunday classes to complete training. This not an overnight event. Classes will start and end each day and participants must be present and on time for both sessions.
